

## Mamata's Win series is a winner

**FOLLOWING** huge success in the Indian and Central American markets, Mamata's Win series of pouch- and bag-making machinery is going global at this month's Chinaplas show.

Since their launch in 2013, these machines have received excellent market response and Mamata now reports an installed base of 125 machines.

Building on its undertaking to provide converters with the latest technology to meet the demands of today's competitive market, Mamata's Win series increases outputs and lowers running costs,

considerably reducing production costs and improving margins.

Among machines on show at Chinaplas are the Win 750 P (pictured above) servo-driven high-speed side-seal bag-maker, said to be perfect for processing thin-gauge LDPE, LLDPE or HDPE films, as well as PP/BOPP films; and the Win 305 CP, billed as the world's fastest centre-seal pouch-maker with the lowest energy consumption (just 1.35 kWh).

## Your opportunity to show gravure quality in packaging printing!

**THE 2015 ERA Packaging Gravure Award competition provides an opportunity to show gravure quality in packaging printing. The competition is open to both members and non-members of ERA (the European Rotogravure Association), from anywhere in the world.**

Award categories are:

- flexible packaging, subdivided into substrate types (paper, film, foil, laminates)
- shrinkwrap/shrink sleeves
- labels
- cartonboard
- speciality, security and 'intelligent' printing, including printed electronics

There's also an innovation prize for technical developments and new fields of application; a 'newcomers' prize for the best entry from a company that has never entered before; and a prize for the best use of a PDF-based workflow.

Entries must be printed in 2014 or 2015. The Awards are presented at the 2015 ERA Packaging & Decorative Conference being held on November 3 and 4 in Turkey.

Entries may be made by any partner in the production chain (design, repro, printer or brand owner).

Closing date for entries is Friday July 31, 2015.

Full details and application forms are available on the ERA website ([www.era.eu.org](http://www.era.eu.org)).
